

Farewell to a Very Special Matriarch. . .

KERNDTWAY PRELUDE DOMINO-ET EX-94-4E EEEEE

Lifetime: 353,528 4.1 14,651 3.0 10,760

Born: 6-12-93 Died: 11-15-11

On June 18, 1999, Domino was purchased through the Kerndtway dispersal. She was the first cow through the ring at six years of age. Little did we know at that time was what she was going to do for us..... There was only one thing that Domino didn't do - that was make embryos or have many heifers. When she did flush, it was one embryo at a time. Her first daughter was born at Courtlane on 9-2-2003 (Durham Dime) when she was ten years old. After working with this family, they have one thing going for them - an aggressive attitude with the ability to breed back. Domino lived in a tie stall until the fall of 2010 when she was moved to the box stall. Domino was laid to rest on the farm with a fitting tribute. A special THANK YOU to Les and Mark Kerndt for breeding such a great cow!!

Domino grazing in September of 2011.

The Present:

COURTLANE DURHAM DIME-ET EX-93 EEEEE

6-03 2X 365 41,560 4.1 1695 3.1 1307

Lifetime: 174,498 4.2 7,235 3.3 5,689
